STANDARD SETTING BODY

UK QUALIFICATIONS AND CERTIFICATION SCHEMES AND THEIR SUITABILITY FOR ACCESSING ACS ASSESSMENTS

The tables in this document list the details of Qualifications, Apprenticeships and other Approved Training offered by Recognised Training Providers to be treated as Category 1, which are SUITABLE for accessing ACS assessments, however if a certificate is presented that is NOT listed on this document they should be treated as not suitable until clarification as to which category they should be treated as has been sought from the Standard Setting Body (IGEM). Lists of Qualifications and Certification Schemes that are known NOT to be suitable are contained in Appendix 2 of Guidance Note 8 and this should be checked prior to contacting the Standard Setting Body (IGEM)

Notes : Group Competency Scheme certificates (unless issued in a Limited Scope disciplne) should be regarded as Category 1
Category 2 & 3 = Certificates that will not allow access into Initial ACS without further training. See Guidance Note 8 for further information of Category 1 & 2
